U.S. ARMY RESERVE WATERCRAFT

3d Transportation Brigade (Expeditionary)

Sail Army

The 314' Logistics Support Vessel (LSV) can transport cargo from ship to shore.

Serve our country as a Soldier sailing aboard an Army vessel

The 3d Transportation Brigade (Expeditionary) provides mission command of a unique capability in the Department of Defense. We are looking for Soldiers who are willing to support missions up and down the east coast of the United States, in the Caribbean or with units stationed on the West Coast of the U.S. Currently there are positions for Warrant Officers, NCOs and Enlisted Soldiers that are interested in becoming Warrant Officers.

Your time in the TB (X) will be fast-paced, exciting, and rewarding. You will be working with top-notch professionals in the U.S. Army's watercraft community. Within Army watercraft, we deliver war-fighting supplies, combat vehicles and sustainment cargo to a wide variety of ports. Our Soldier-Mariners operate these missions!

The LTs 5100 Horse Power provides the Tug with 54.6 long tons of Bollard pull.

824th Transportation Company (Heavy Boat)

Virginia

3d Transportation Brigade (Expeditionary)
464th Transportation Company (Medium Boat)

United States Army Reserve Soldiers are trained to load cargo onto a LCU in port.

Because of the LCUs shallow draft, the crew can offload its cargo onto an unimproved beach.
